

# RAPPORT DE PIERRE PRÉCIEUSE · EDELSTEINBERICHT GEMSTONE REPORT

|                                                                                    |                                            |
|------------------------------------------------------------------------------------|--------------------------------------------|
| No.                                                                                | <b>CDC 2608284</b>                         |
| Date                                                                               | 17 August 2026                             |
| Object description                                                                 | One faceted gemstone                       |
| Weight                                                                             | <b>4.46 ct</b>                             |
| Dimensions                                                                         | 11.99 x 9.90 x 5.75 mm                     |
| Colour                                                                             | Vivid green **                             |
| Shape/style                                                                        | Octagonal/step cut                         |
| Transparency                                                                       | Transparent                                |
| Quality Grade                                                                      | <b>Very good</b>                           |
| Identification                                                                     | <b>EMERALD (Natural Beryl)</b>             |
| This gemstone shows gemological properties consistent with those of emeralds from: | <b>Colombia</b>                            |
| Comments                                                                           | Indications of minor clarity enhancement.* |

A handwritten signature in blue ink, appearing to read 'C. Dunaigre', is written over a faint, larger blue outline of the same signature.

**C. Dunaigre Consulting GmbH**  
Christian Dunaigre AG, DUG

\* Natural emeralds are commonly clarity enhanced.

\*\* Colour typically found in emeralds from the "Muzo" mining district.
